### 19 teams entered

Tap-off for the coast's hot-  
test basketball tournament, the  
St. Louis' Fourth Annual In-  
dependent, is scheduled for 7 p.m.  
Monday in St. Stanislaus' gym-  
nasium when Trappant's Knock-  
Knock clashes with Picaune's  
YMCA.

Play will continue through-  
out the week with finals Satur-  
day night.

Tournament chairmen Red  
Davis and Stanislaus athletic  
director Brother Declan have  
garnered some of the best talent  
from three states, Mississippi,  
Louisiana and Alabama, having  
lined up 19 teams, 14 men and  
five women, composed of the  
best players available.

Men's teams include Trapani's,  
Picaune YMCA, VFW, Bay  
Ice of Gulfport, Stanislaus

Graduates of 1964, Pearlinton,  
Mandel Roofing and Sheet Metal  
of Gulfport, Kiln Alumni,  
Coaches of Stanislaus, Wein-  
sacker's of Mobile, Hartsburg  
YMCA Slidell, La., Cardinals  
Fleet Line Candies, also of  
Slidell and Frierson Truckers  
of Picaune.

Women's teams are Log-  
town, Pass Christian, Moran's  
of Bay St. Louis, Whitfield Fur-  
niture of Picaune and the Has-  
teburg Cosmetics.

Stanislaus coaches figure  
they have the team to beat hav-  
ing come up with a ringer in  
A. H. Morgan, former player  
for Notre Dame University and  
Loyola of New Orleans. Also in  
the coaches' line-up will be  
Billy Murphy, Harbormen Black-  
well, Andre Arceneaux and Don-

ald Cuevas.

Seeing action in the girls'  
division will be Betty Sommers  
who won the most valuable play-  
er award for the past two years  
playing for Picaune Drug. This  
year she will spark Whitfield  
Furniture of Picaune when they  
oppose women's play Wednesday.

Waymon Carr will coach the  
Stanislaus 1964 grads, boasting  
such players as Moe Scatfield,  
Stephen Toman, Richard Moran,  
Daniel Baker, Robert Heitzman,  
Peter Boassey, David Piga-  
gerald, Gary Heitzman and Rus-  
sell Sanders.

Frank Trappant of the Knock-  
Knock, figures he has the team to  
beat in Bill Watts, Red Davis,  
J. T. Lachner, Bill Terry, James  
Ginn, Bill Sreland, Melvin  
Gourso and W. J. Cameron.

## Seek beat change

Part of engineering study

## W'land eyes sewers

Waveland's town council al-  
most took the first step toward  
providing an \$856,105 sewerage  
system for the town but post-  
posed actual action until Town  
Attorney Dan M. Russell, Jr.,  
could study the proposed plan-  
ning contract with D. M. Dor-  
nblatt and Associates, New Or-  
leans engineers who last year  
did the municipality's zoning  
study.

Even with this slight delay  
Mayor Garfield Lachner ex-  
pressed the hope that "if every-  
thing goes right, we may beat  
Bay St. Louis again".

The proposal by D. M. Dor-  
nblatt, the firm's head, was that  
his organization make a pre-  
liminary study including an eco-  
nomic report of the community,  
population projection for at  
least 20 years, a general layout  
of a suggested sewerage system  
if one appears feasible, and a  
study of how to finance such a  
system. Contract cost of this  
would be \$6,600, to be credited  
to any design fee if the sewer-  
age project is adopted.

Dornblatt also proposed that  
to pay his fee the town apply for  
a \$6,600 loan from the Housing  
and Home Finance Agency of the  
Community Facilities Adminis-  
tration under Public Law 560, if  
the project is carried out this  
loan must be repaid, however,  
if the town's voters turn down  
a bond issue to finance the pro-  
ject or it is abandoned for good  
reason, the loan is cancelled  
without repayment by the town.

At least one of the specta-  
tors at the meeting, Joe Griffin,  
opposed seeking this loan. He  
told council if they got any fed-  
eral help, even a loan, the fed-  
eral government would "put its  
fingers in it".

Without actually opposing  
seeking federal help Russell  
questioned if this might not be  
a mistake in view of Bay St.  
Louis' experience. Bay St.  
Louis was delayed almost a year  
in bringing a utility improve-  
ment program before the voters  
March 21 because of its efforts  
to get federal financial assis-  
tance beyond the almost auto-  
matic grant from the Public  
Health Service of 30 per cent  
of the cost of constructing a  
sewerage treatment facility and  
a planning grant such as is  
provided for Waveland.

Dornblatt estimated a  
sewerage system, including  
treatment, for the whole town  
of Waveland could be provided  
for \$856,105 with the Public  
Health Service providing  
\$94,500 toward the cost of treat-  
ment facilities, but qualified  
this estimate with the observa-

### CANCER FILMS

Three films on cancer in  
women and one on cancer due  
to smoking will be presented  
at 8 p.m. Wednesday at Bay  
High School auditorium under  
sponsorship of Bay St. Louis  
Jaycees.

A hot exchange of words re-  
sulted at Monday's board of su-  
pervisors' meeting when W. J.  
Pippin of Logtown presented a  
petition requesting the board  
to alter the lines between Beats  
2 and 4. Beat 4 supervisor  
James Necaise charging that  
Pippin had obtained the signa-  
tures by saying that unless  
they signed they would be put  
in the "Bay St. Louis dis-  
trict".

Pippin, one of the County's  
leading farmers, denied he had  
made such a statement and  
Necaise countered that his  
friends told him they had been  
approached in this manner  
which Pippin again denied. Ne-  
caise said the proposal would  
move almost everyone except  
himself from Beat 4 to Beat  
2 and that he would never vote  
for it, board president R. G.  
Hubbard, Jr., having explained  
that a redistricting plan requir-  
ed unanimous vote of the board  
or a petition by 25 per cent  
of qualified voters to call an elec-  
tion.

The petition, signed by 200  
persons "who are either legal  
residents of Beat 4 or recently  
moved there from the MTO  
site", Pippin said, would add  
53 sections, or roughly 8,500  
acres, to Beat 2 from Beat 4,  
being mostly the Caesar voting  
precinct with approximately 225  
qualified voters. The land in-  
volved is in the extreme north-  
west corner of the county, the  
north and west lines separat-  
ing it from Pearl River County.

After a further exchange of  
words, Necaise saying he would  
deal with Pippin later and Pippin  
retorted that he would be glad  
to meet with Necaise at any  
time if he had any unfinished  
business, Beat 2 supervisor  
Dolph Kellar moved the petition  
be accepted for consideration  
and Necaise moved that it not  
be accepted. Outcome was re-  
corded as a 4-1 vote to accept  
the petition and that the re-  
quested change in beat lines be  
put to a vote at next Monday's  
meeting.

In a later interview Pippin  
said the reason for the proposed  
change was that his group was  
dissatisfied with the road situa-  
tion in Beat 4 and figured Beat  
2 was not only smaller in area  
but that the MTO area had  
taken most of it; that each beat

## Jaycees survey for development

projects should be undertaken  
to make the Bay-Waveland area  
a better place to live is being  
undertaken by the Jaycee Com-  
munity Development Com-  
mittee, chairman Joe Kern an-  
nounced.

Forms have been distributed  
to school children containing  
questions relative to how the  
community could be improved  
and the completed forms will  
be used to determine residents'  
attitude toward improvements.

## Harrell, Necaise get HNC principal posts

Destruction of a safe and  
theft of over \$400 at Hancock  
North Central School Tuesday  
night, Feb. 25, was reported by  
Robert Lachner, superintendent  
of education, to county school  
board at its meeting Monday.  
He added that insurance covered  
the loss but a thorough in-  
vestigation is under way by the  
sheriff's office.

Recommendations of J. C.  
Harrell as high school principal  
and Arthur Necaise as principal  
of the elementary grades at

of transportation superintendent  
for the county school system

## OK three month bills in general

Approval of bills payable  
out of the county general fund  
for December, January and  
February occupied the bulk of a  
day-long meeting of the board of  
supervisors Monday.

Payment had been delayed  
because of insufficient money  
left in the general fund out of  
which some salaries, court-  
house and other expenses are  
paid. Settlements received last  
week from sheriff Sylvan J.  
Lachner and former sheriff Gerald  
Price from tax receipts  
totalled \$63,000. Loans to the  
general from other funds will  
also have to be paid from this  
amount.

Board president R. G. Hub-  
bard, Jr., read a letter from  
NASA officials asking the county  
to renew its contract for fur-  
nishing security patrol in the  
MTO area requesting additional  
vehicles and guards. Hubbard  
notified that although the county  
was paid \$42,000 last year, un-  
forseen expenses caused a loss  
of several thousand dollars on  
the service.

After a telephone conversa-  
tion, a meeting with officials  
from Huntsville, Ala., was set  
for 9 a.m. today to attempt to  
work out a new type of con-  
tract allowing the county suffi-  
cient money for this service.

Sheriff Lachner, reported  
that trucks were operating in  
the MTO area on Route 43 with  
illegal license tags and no in-  
spection stickers, saying dis-  
putes had issued 14 traffic  
violation tickets but none of  
the violators had appeared in  
the JP court designated. No action  
was taken at Monday's meet-

## More rain bogs work at MTO

Almost one-third of the total  
rainfall recorded in 1963 has  
fallen already this year at Mis-  
sissippi Test Operations, slow-  
ing work to a snail's pace over  
the muddy roads.

Through Tuesday, rain for  
the first two months and three  
days of 1964 totalled 15.47 in-  
ches. It measured 49.6 inches  
in all of last year and the major  
part came in November and  
December after a long summer  
drought.

February's total was 3.91  
inches and Monday's storm  
poured on most of the 2.06 re-  
corded in March.

Contractor personnel count  
was off slightly this week, drop-  
ping from 449 to 438, and while

## CHEVELLE! by CHEVROLET-a great highway performer

Malibu 4-Door Sedan Malibu Super Sport Coupe Malibu Super Sport Convertible Chevelle 300 6-Passenger Station Wagon

**Chevelle balanced performance is best!**

Passing, cornering, threading through traffic, sudden stops—Chevelle excels all around! Chevrolet's new surprise package has what it takes to meet any driving challenge: Six or V8 engines, hefty brakes, Full Coil suspension—and a trim size that makes the most of them.

Chevelle means performance aplenty—standard 120-hp Six or 195-hp V8—and optional at extra cost, a 155-hp Six, a 220-hp V8, a new 327-cu.-in. V8! But Chevelle's performance means more. Chevelle's a foot shorter than the big cars. And the space Chevelle saves in size comes off the ends, not the middle. So it rides like you want a car to ride.

Chevelle lets you choose Powerglide\*, 4-speed manual\* or 3-speed manual transmission. Knowing how people like the custom touch, we wrote out a long list of extra-cost options. Knowing all this, what's keeping you from a test drive? Certainly not your Chevrolet dealer! **CHEVROLET**

# Picture of a Man with Troubles

(whether he knows it or not)

Nobody asked him if he wanted to come here to live  
Somebody signed his name to a note for \$1700 worth of National Debt  
He isn't big enough to enforce his rights  
And a lot of people in his community have

# The City-Shopping Habit

... a disease which, if let to gain too much headway, can short-change him on schools, churches, friends, neighbors, and his old man's pay check.

And he's helpless to do anything about it - until, when he grows up, he has to take off and try to find opportunity somewhere else ... in the far places where his neighbors have scattered the community substance which Providence entrusted to their care.

We often hear folks around here complaining that our young people nearly always have to hunt their fortunes in other places because we don't have opportunities for them.

Home-spent dollars create those opportunities ... help to keep our sons and daughters content and prosperous in our own midst.

## Let's Give Our Junior Citizens a Better Break

Small communities ... like this one of ours ... are the finest places in the world for youngsters to grow up. They are the strongholds of the real American way of life and our country's greatest source of leadership.

Away from the regimented bee-hive life of the cities, a child has a better chance to develop the broad and independent viewpoint that makes useful leaders.

But ... if we keep our small communities intact, with good schools and churches and comfortable living standards, we're going to have to slow down on the Great Give-Away ... small town people giving away their community assets to Big-City business.
